

New Source Review newspaper advertisements for construction permit applications, January 23, 2003. The following public notices have been published in the newspapers listed below each advertisement. These newspaper advertisements for construction permit applications were published on one of the following dates: January 21, January 22, or January 23, 2003. Public notices are generally published every two weeks. The previous publication of public notices was January 7 – 9, 2003.

PUBLIC NOTICE

The Tennessee Division of Air Pollution Control (TDAPC) has received requests for construction of air contaminant sources as noted below. The proposed construction is subject to part 1200-3-9-.01(1)(h) of the Tennessee Air Pollution Control Regulations, which requires a public notification and 30-day public comment period. Interested parties may express their comments and concerns in writing to Mr. Barry R. Stephens, Director, Division of Air Pollution Control, 9th Floor, L & C Annex, 401 Church Street, Nashville, Tennessee 37243-1531 within thirty (30) days of the date of this notice. Questions concerning a source may be addressed to the assigned Division personnel at the same address or by calling 615-532-0554.

Individuals with disabilities who wish to participate should contact the Tennessee Department of Environment and Conservation to discuss any auxiliary aids or services needed to facilitate such participation. Such contact may be in person, by writing, telephone, or other means, and should be made no less than ten days prior to the end of the thirty (30) day public comment period to allow time to provide such aid or service. Contact the Tennessee Department of Environment and Conservation ADA Coordinator, Isaac Okoreeh-Baah, 11th Floor Annex, 401 Church Street, Nashville, TN 37243, (615) 532-0059. Hearing impaired callers may use the Tennessee Relay Service (1-800-848-0298).

The applicant is Vulcan Construction Materials, L.P. with a mailing address of P.O. Box 7, Knoxville, TN 37901. They seek to obtain an air contaminant permit (Division identification number: 08-0034-02/55992) to construct a Power Generation Operation at 482 Hurst Lane, Readyville, TN 37149. This proposed operation would be made-up of one electric generator powered by a diesel internal combustion engine, and would be used to provide power to the rock crushing operation at this same address. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be physical construction. Regulated air pollutants would be emitted by this source. Mr. M. Reynolds is the assigned Division person.

For the Cannon County "Cannon Courier"--published once on or before Thursday, January 23, 2003.

The applicant is Vanceburg Ready Mix Concrete with a mailing address of P.O. Box 525, Vanceburg, KY 41179. They seek to obtain an air contaminant permit (Division identification number: 18-0123-01/55940) for construction of a Concrete Ready Mix Operation on Porcelain Stone Drive at Forest View Drive, Crossville, TN 41179. This proposed operation would consist of equipment used to produce ready mix concrete. A baghouse would be used for pollution control of particulates (TSP). There would be physical construction. Regulated air contaminants would be emitted by this source. Mr. R. Simmons is the assigned Division person.

For the Cumberland County "Crossville Chronicle"--published once on or before Thursday, January 23, 2003.

The applicant is Ford Construction Company with a mailing address of P.O. Box 527, Dyersburg, TN 38025-0527. They seek to obtain an air contaminant permit (Division identification number: 57-0275-01/56022) for modification of a Drum Mix Asphalt Plant located at 90 Fiberglass Road, Jackson, TN 38301. This existing operation

consists of a drum mixer, asphalt cement storage, crushed aggregate, and associated equipment used to produce hot-mix asphalt. Natural gas and No. 2 fuel oil are used for fuel. A baghouse is used for pollution control. The requested modification is to add No. 4 fuel oil as a fuel source. There would be no physical construction. Regulated air contaminants emitted by this source would increase. Mr. M. Smith is the assigned Division person.

For the Madison County "Jackson Sun"--published once on or before Thursday, January 23, 2003.

The applicant is Rogers Group, Inc. with a mailing address of P.O. Box 25250, Nashville, TN 37202-5250. They seek to obtain an air contaminant permit (Division identification number: 74-0105-02/56008) to modify an existing Portable Asphalt Plant operation at 4450 South Rock House Road, Cross Plains, TN 37049. This operation consists of a continuous drum mixer, asphalt cement storage, crushed limestone aggregate, and associated equipment used to produce hot mix asphalt. A baghouse is used to control particulate (TSP) emissions and is estimated to be 99.9% efficient. The requested modification is to add No. 4 fuel oil as an alternate fuel for this facility. There would be no physical construction. There would be an increase in the regulated air contaminants emitted by this source. Mr. W. Medley is the assigned Division person.

For the "Robertson County Times"--published once on or before Thursday, January 23, 2003.

The applicant is Eastman Chemical Company with a mailing address of P.O. Box 511, Kingsport, TN 37662. They seek to obtain an air contaminant permit (Division identification number: 82-1009-29/56007) to modify an existing Ester Plant located at South Eastman Road, Kingsport, TN 37662. The proposed modifications would increase emissions from several vents. Because of the amount and type of emissions, the use of pollution control equipment is not proposed. There would be no physical construction. Regulated air contaminants emitted from this source would increase. Mr. W. Cleland is the assigned Division person.

For the Sullivan County "Kingsport Times-News"--published once on or before Thursday, January 23, 2003.
